SUBSCRIPTION PRICE, \$2.00 PER ANNUM

Relocation of New Bridge Ok'd By State

TOLL SET FOR 2,000 FEET NORTH
Super Cost, More Room
Cited for Move

Bay St. Louis, Jan. 31.—The state highway commission voted here Wednesday to relocate the proposed \$7,826,000 toll bridge over Bay St. Louis, 2,000 feet north of the present wooden span.

Action was taken after protest from a group of Bay St. Louis business men who told the commission that the bridge would wreck many businesses on US Hwy. 90 at the present crossing.

The relocation of the bridge for the construction of the new concrete span over the bay to replace the old wooden bridge had been recommended by the engineering staff of the highway commission.

The commission said Wednesday in a statement that construction of the bridge with the proposed four-lane highway approaches, would cost approximately \$500,000 more than the present route.

Construction of the concrete toll bridge across the bay from Henderson to Bay St. Louis had been delayed by a law passed by the 1950 legislature. Under that law, revenue from the bridge would be used to pay the bonds which would be retired on the bridge.

On Wednesday, Craig Hazlett, Bay St. Louis, consulting architect for the bridge, stated that the "law no longer exists" and that the bridge would be available to begin building this year.

He stated that the bridge would be a concrete, and only reinforced steel, which he said is in good condition.

He fully believes the government would give the bridge a high priority.

It is vital as both a strategic and an interregional link," he said.

NOTE RECORDED

Action of the highway commission on a 2-1 vote of the commission body. Voting for the relocation of the bridge were Sidney R. W. Thompson, Gulfport, chairman, and northern County Commissioner, Bay Adams. Commissioner Smith from the southern district voted against construction of the bridge at the present location meeting the Bay St. Louis at Uman Ave.

LaTasler, owner of the Reed located at the foot of the present bridge at Bay St. Louis, told the commission that the relocation of the bridge would "put me out of business."

Mr. W. W. Thompson, Gulfport, chairman of the commission, said the relocation of the bridge would serve the best interests of the people, and that it would be a much bigger financial gain to the state.

Reuback asserted that "we think about the majority of the people who serve... I don't think the movement of the bridge will be as much as you think."

The relocation of the bridge would be a much bigger financial gain to the state.

The relocation of the bridge would be a much bigger financial gain to the state.

Shown on the left is Staff Sergeant Louis N. Jones, son of Mr. and Mrs. Jos. C. Jones, of Gainesville, Piquette Route 1. Sgt. Jones was born in Bay St. Louis in January, 1928, and was the 10,000th man to enlist at Camp Hood, Texas. He has seen service overseas and has reenlisted for an indefinite period.

lived in front of their business establishments."

Hazlett said that he believed the protesting Bay St. Louis group "in eight or 10 years would request that the highway be moved" if the bridge were built on the present line.

SMITH HITS MOVE

But Commissioner Smith, who supported the retention of the present location, argued that "we are taking a road away from the people who want it and giving it to people who don't want it. By moving it you would penalize Bay St. Louis and Henderson Point to save 5 or 6 percent in cost... I can't see it."

Both state highway director T. C. Robbins and chief engineer Aleck Harris pointed that the restrictions of right-of-way at the Uman location would produce congestion.

Harris said that a 100-foot right of way was the limit at Uman Avenue, while at the northern location, a 200-foot way could be obtained.

The new location of the highway at the Bay St. Louis approach to the bridge would bisect property now owned by Catholic seminary.

Other members of the Bay St. Louis group were Frank Cooper, manager of the Reed Hotel; Horace Kergeson, former sheriff, and Ulysses Cuevas.

—Times Picayune

LENTEN SERVICES FOR OUR LADY OF THE GULF CHURCH

Lenten services at Our Lady of the Gulf Church will begin with Masses at 6:15 and 8:00 a.m. on Ash Wednesday. Evening services Ash Wednesday will consist of Rosary, sermon and benediction and will be held at 7:30 p.m.

Stations of the Cross will be said on Fridays during Lent at 3 p.m. and 7:30 p.m.

FORMER SSC STUDENT FATALLY INJURED BY HIT AND RUN DRIVER

Norman Carnovale, of Biloxi, former student of Saint Stanislaus, and now a student at Louisiana State University, was seriously injured this morning, on highway 90 about five miles west of here, when he was struck by a hit and run driver, who at this writing had not yet been apprehended. He was preparing to change a tire when hit.

Carnovale was taken to King's Daughters Hospital here and later transferred to Foundation Hospital in New Orleans, where he died about 2:00 p.m.

Norman Carnovale and his twin brother, Norbert, are well known here, having attended St. Stanislaus for a number of years, and both were members of the Stanislaus band, winning many honors for their musical achievements.

STILL TIME TO SUBMIT NOMINATIONS FOR '51 OFFICERS OF PLWW

The nominating committee of the Provisional League of Women Voters of Bay St. Louis met on Monday, January 29, at the home of Mrs. Clara Horton, chairman. Those present were Mrs. Tony Spence, Mrs. Charles Carter, Mrs. Rene deMontuzin, Mrs. John McDonald, and Mrs. Horton.

A slate of officers for 1951 was discussed, to be submitted at the general meeting of the League in March. There is still time, however, to send in candidates' names to the nominating committee. Any names suggested to Mrs. Horton will be given careful consideration, and nominations will also be welcomed from the floor, provided that the nominees' willingness to serve is submitted in writing at that meeting.

The PLWW has made application to Washington to have its provisional status changed to local status. This will give the Bay St. Louis League much more scope for action. With both state and county elections coming up this year, the Bay St. Louis League of Women Voters hopes to take a very active part, through its voters service, in making our citizens aware of their political responsibilities.

GREY LADIES TO MEET THIS THURSDAY

There will be a meeting of the Grey Ladies of the Hancock County Chapter American Red Cross at the REA building Thursday evening, Feb. 1 at 7:00 o'clock.

The purpose of the meeting is the reorganization of the work of the Grey Ladies from this section who work at the Veterans' Hospital in Gulfport. Mr. Carl Friedlund, chief of Special Services, Mrs. Fox Arrington, Field Director and Mrs. Sam Mufson will be on hand at the meeting to discuss with the Grey Ladies any changes that may seem desirable in working hours or assignments of work at the hospital. All Grey Ladies in this Chapter are urged to be present at the meeting as the discussion will be an important one.

With the demand of the Korean War on hospital personnel the need for volunteer workers has increased materially and it is hoped that a large group of women from Bay St. Louis will take the indoctrination course to be held at the hospital this spring for the purpose of increasing the roll of Grey Ladies.

RENO JOSEPH NECAISE DIED TUESDAY; BURIED WEDNESDAY

Reno Joseph Necaize died early Tuesday morning on Hwy. 90 apparently of a heart attack.

Mr. Necaize who had recently suffered several heart attacks had started to work at an early hour Tuesday morning and it is believed was stricken as he walked along the highway. His body was found about 7 a.m. in front of the "Pilot Wheel" by Cpl. E. H. Barnes who was driving from his home in Roundlake, Fla., to his base at San Antonio, Texas.

Ambulances were called and the body was taken to Plaza's funeral home and thence to the Falsby funeral parlor where services were held at 3 p.m. Wednesday followed by religious services at Our Lady of the Gulf Church and interment in Cedar Rest Cemetery. Father Bryan officiated at the church services.

Mr. Necaize who was in his 42nd year was a native of Kiln. He was a son of Joseph B. Necaize and Artemise Necaize. He is survived by his wife, Marie Carver Necaize, five sons, Reno J., Jr., Donald Ray, Gerald, Terrell and Kenneth and by one daughter, Norma, also by five sisters, Mrs. Marine Geoffrey, Miss Lydia Necaize, Mrs. Dupre LaPointe, Mrs. Ethel Garcia and Mrs. Sylvester Lott.

Funeral services were held at 3 p.m. Wednesday at the home of Mrs. Clara Horton, Harvey Carver, Horace Geoffrey, Carl Thomas, Clois Dodeaux, and Reno J. Necaize.

A coroner's jury called by J. T. McCaleb rendered a verdict of death by natural causes. The jury was composed of Arthur Miller, Paul Egloff, Albert Ploue, Roland LaFontaine, Leo Choinea, Florson Necaize, and Sheriff B. D. Johnson, Bailiff.

PRIZES FOR PTA MARDI GRAS PARADE LISTED

Mrs. Paul Miller who is in charge of registering floats for the Bay High Mardi Gras parade has asked that all floats be registered by Friday noon so that arrangements for the parade can be made without confusion. At present there are 17 floats registered.

Prizes have been announced as follows:

School class floats, first prize \$25, second prize \$15; business organization floats, first prize \$25, second prize \$15; best horseman, \$5 and best bicyclist, \$5.

In addition to these prizes will be awarded to makers at the gym following the parade. These will be first prize, \$5; second, \$3, and third, \$2.

Cake Walk Big Success

The Hancock County Council of Home Demonstration Clubs held a white elephant sale and cake walk Wednesday at the Clement Harbor School to raise funds for the council which includes seven clubs in this district.

Mrs. George Frierson, Mrs. Olivia Pitt and Mrs. Nicky Smith were in charge of the sale and the committee handling the cake walk and sale of Coca-Cola was composed of Mrs. H. Burleigh, Mrs. Isaac Frierstein, Mrs. J. C. Saleeby, Mrs. Ben Peterson, Mrs. Abbie Bing and Mrs. Bertha Augustin.

Mrs. J. C. Rousseau, president of the council stated that the group was well pleased with the success of the venture having realized a larger sum than was anticipated in spite of the inclemency of the weather. Mrs. Rousseau wishes to thank the many people who donated cake and white elephants for the sale and all those whose work helped to make the sale a success.

WORKERS URGED TO PRESS MARCH OF DIMES CAMPAIGN TO SUCCESS

Dr. Felix J. Underwood, State March of Dimes Chairman, issued an appeal on Monday of this week to all March of Dimes workers to "press forward in the battle against polio" during the closing days of the March of Dimes Campaign. "A final all-out offensive will mean success in every community," Dr. Underwood stated.

"Reports from over the State are encouraging, but we must not lessen our efforts. For the past two years our state suffered the two most severe polio outbreaks in history. And we must take note that polio is still on the march. Already, thirteen Mississippi children and adults have been stricken since January 1. This unusual number for a winter month may be warning of trouble ahead. There is yet no means of control or prevention of polio, and we must be prepared to care for all sufferers. We cannot afford to let up on research at a time when this work offers real hope of success in finding a prevention or a means of control."

"Campaign workers are urged to press forward until every citizen in every community is given an opportunity to contribute. Keep your campaign moving until all activities have been brought to a successful conclusion."

"I appeal to all Mississippians to give a full measure of financial support to make sure that the fight against this disease can be continued without interruption."

"I want to thank every worker and every contributor of money for what you have done and what you are doing in carrying on the battle against this dreaded disease," Dr. Underwood concluded.

LANDSCAPING DAY AT COAST ELECTRIC HOME THURSDAY, FEB. 8th

Thursday, Feb. 8, promises to be a busy day at Coast Electric's new headquarters site in Bay St. Louis. On that date the landscaping of the spacious grounds of the REA system will take place.

Only native habitat plantings were considered, the thought behind this being that the demonstration of the use of such here might induce others to follow suit.

Taking part in the planting and now interested in the follow up, are Howard Simmons, Hancock County Agent; Miss Madge Allard, Hancock County Home Demonstration Agent; Mr. Smith, and several key leaders of Coast Electric.

Each member of Coast Electric is being invited to donate a shrub, plant, tree, etc., and the plan is to identify this planting with a permanent tag, thereby making the landscaping a group endeavor; of, by and for Coast Electric, and the ensuing planned planting, not only an inspiration to others, but a source of pride to the donors.

Coast Electric belong to its members, and so each member is being given the opportunity to bring one or more plants to the building at 10:00 a.m. February 8, and see them planted correctly by a horticulturist. Should a member not have a way to get the plants or trees to Bay St. Louis, the linemen in his area will be glad to bring them in, in advance of the planting date, if he is notified.

The following shrubs and trees are some suggested in the plans:

Yaupon, Krume azaleas, Japanese Barberry, Yucca, Pyracantha (red), Wax Myrtle, Shrub Palmetto, Curved Palm and Sumac.

Vinca, Poinsettias, Dogwood, Indian Coral Berry, Red Bud, Oleander, Yellow Jasmine, Grape Myrtle, Hydrangea, Live Oak, Magnolia, Woodbine, Mountain Laurel and Grand Daddy Greybeard (Fringe Tree).

Should some have other plants not listed, there will be plenty of room for them and they are wanted.

The horticulturist gives the following directions for moving a plant: Try to keep in tact as many of the fine top roots and as much of the top root (if there is one). Ball wrap with burlap or sack. Keep damp and in the shade until planting time. Dig a hole larger than the root system, fill half full of water, place the plant and fill in with loose dirt so that no air pockets are left.

With this problem of beautification completed, Coast Electric's grounds will be one of the beauty spots of the state; schools and clubs will have a place to study landscaping and home owners can see how economically their grounds can be beautified by using the native plants with which South Mississippi is so generously endowed.

SJA CARNIVAL BALL THIS FRIDAY NIGHT

There will be plenty of room for everyone at the annual SJA Carnival Ball to be held Friday night, at 9:00 o'clock at the SJA gym.

Seats to accommodate 300 have been built this year and a capacity crowd is expected to be on hand to enjoy the court pageant preceding the ball, at which the identity of this year's king and queen will be divulged, and the dancing afterwards.

Tickets may be bought at the door and are \$1.00 each.

14 FLOATS IN PTA MARDI GRAS PARADE

Fourteen floats have registered to date for the Mardi Gras parade sponsored by the Bay-Central PTA. These will include business and school floats and a special float which is being made by railroad clerks living in Bay St. Louis for children who were not included in those riding on any of the school floats.

The men who are working on the special float are donating their time and funds for the float which will hold eighteen or twenty children.

The school floats are necessarily limited in the number of children who can be included and the special float is for some of the children who would otherwise be left out.

A special judges stand will be erected this year along the route of parade which will be the same as last year. The parade will start at 1:00 p.m. on the south side of Bay High School. It will go from there east on Carroll Avenue to the beach and south to Main Street where it will go west to Necaise and south on Necaise to Union. At Union it will proceed east to Second Street and will move up Second to the High School.

LOCAL FIRM AWARDED CONTRACTS; COVERS THREE COUNTIES

The State Highway Commission awarded three road building contracts to the firm of Gex and Cue at a bid letting in Jackson this week.

The contract which totalled \$397,051.88 were awarded for work in three counties, Wilkinson, Harrison and Pearl River. The Wilkinson County work comprises 6.206 miles for drainage and double bituminous surfacing on US Hwy. 61 and 65 between the Louisiana-Mississippi State Line in Woodville, costing \$169,710.10. The Harrison County project constitutes 4.828 miles of drainage and gravel surfacing and bridges on state Hwy. 55 and 57 between Biloxi and Saucier, \$93,239.92. In Pearl River County, Gex and Cue will put down 7.775 miles of drainage base and double bituminous surfacing on state highway 43 between Crossroads and Piquette.

J. C. Rollins, construction engineer for Gex and Cue figured bids for the firm.

MOVIE SHOWN AT WED. ROTARY LUNCHEON

Forty-five rotarians and their guests attended the weekly luncheon of the Rotary Club which was held Wednesday at the Bay-Waveland Yacht Club.

Tables for the luncheon were arranged in the shape of the Rotary "R" with a trailing arrangement of amulax and camellias winding down the center. The flowers were provided by Rotarians Emmet Irwin and James Normand and were arranged by Mrs. Antoinette Trastour who planned the luncheon and by Mrs. Normand.

The program, which was in charge of John Bell was an interesting movie made by Eastern Air Lines revolving around fast service to hunting and fishing grounds which included in the trip guest privileges at hunting and fishing clubs. The film was explained by Mr. McCord of Eastern Air Lines.

Visiting Rotarians and their wives were L. W. Waltman of Nacoma, Ill.; Augusto Waltman, Nacoma; J. Alex Cubbin and Mrs. Cubbin, Butler, Mo.; Jimmy Wittman of Pass Christian, and E. G. Harpold, Gulfport.

Rotarian Jimmy Normand had as his guests Mrs. Norman and Mrs. Ray Steiffel. Guests of Alden Mauffrey were Mrs. Mauffrey, Mrs. Octave Delph and Johnny Scaffidi. Ben Hill had as guests Ben Hill, Jr. and Wayne Herbert. Mrs. Argie Mitchell was the guest of Rotarian Mitchell.

WORKER FOR BLIND VISITOR HERE RECENTLY

Mrs. Mary Campbell of New York City who is internationally known for her work in behalf of the blind was a visitor in Bay St. Louis last week end.

Mrs. Campbell whose bright blue eyes and youthful manner belie her years has been an active worker for the Seeing Eye Organization since 1912 and has been decorated by the Serbian and Jugoslavian governments for her work with the blind in those countries. She is the widow of Sir. Francis Campbell who was knighted for his outstanding activities in behalf of the blind in England.

Mrs. Campbell, who is a frequent visitor to the Gulf Coast, is a field representative of the Seeing Eye organization and is associated with the Ohio State School for the Blind.

She was a week end guest of Mr. and Mrs. W. E. Bartram on North Second Street.

CAMELLIA SHOW FOR THURSDAY, FEB. 8

The camellia show to be held by the Bay-Waveland Garden Club on Thursday, February 8, will be open to the public between the hours of 7:00 and 10:00 p.m. at the Bay-Waveland Yacht Club, with no charge for admission. The theme of the camellia show will be "Hearts and Flowers" and all flower lovers are invited to view the exhibits.

Mrs. Gerald Kennedy, Sr., is chairman of the camellia show and chairman of the various committees are:

Staging, Mrs. Charles Breath, Jr.; Schedule committee, Mrs. L. T. Boyd; Classification, Mrs. C. Newton; Entries, Mrs. George Lehlester; Judges, Mrs. Eugene Mogabgab; Properties, Mrs. B. F. Farnely; Hospitality, Mrs. George Stevenson; Clean-up, Mrs. W. W. Baltar; Publicity, Mrs. S. T. Asenheimer; Clerk, Mrs. P. J. Treval.

SCHEDULE

Horticultural Division:

Section I. Specimen blooms, 1 bloom on own stem with one of more leaves attached; container to be furnished by the club. (a) A class for each variety entered.

Section II. Plant of three blooms (same variety). (a) A class for each variety entered.

Section III. Plant of 5 blooms (one variety). (a) A class for each variety entered.

Section IV. Collections (tray of mixed varieties). Tray must have no more than one bloom of each variety.

Section V. Seedlings and sports, On own stems with one or more leaves attached.

Section VI. Rare Camellias.

Section VII. Camellia arrangements.

(a) All white blooms in white container; (b) Values of red dramatized (light and dark shades). In a and b only camellia foliage may be used with camellia blooms; (c) As you like it, your choice; (d) Table arrangements for formal dinner for six; (e) Coffee table arrangement; (f) Valentine theme arrangement; (g) Crescent design of camellias and branches or twigs.

In c, d, e, f, and g, other flowers, and foliage and accessories may be used, but camellias must predominate.

Section VIII. Corsages for (a) Lappet; (b) Evening; (c) Hair-do.

Invitation Division: Collections to be arranged by invited exhibitors in allotted spaces; (a) Private growers; (b) Commercial.

Exhibits may not be removed before 10:00 p.m. on Thursday and should be collected by owners by noon on Friday, Feb. 9.

Interested parties are asked to save this schedule of rules for own reference.

Mardi Gras Day Proclamation

SINCE Mardi Gras Day is a time honored institution and observed particularly in this section of our land, and

SINCE our people are entitled to recreation and recess for at least one day from their worldly cares, and

WHEREAS, it is deemed fitting at this time that we do observe Mardi Gras and take advantage of the day and its pleasure to recess, and

SINCE it is not only fitting and proper, but in consideration of the custom,

BE IT, THEREFORE, PROCLAIMED that I, WARREN CARVER, Mayor of the City of Bay St. Louis, Mississippi, do officially proclaim **TUESDAY, FEBRUARY 6, 1951**, to be a holiday in Bay Saint Louis and that it be enjoyed fully in the sense intended.

(Signed)

WARREN CARVER, Mayor

FOR THE SAFETY OF LIFE AND LIMB

We were told this week by the state game warden, Mr. Randolph Bourgeois, that he has had many calls in recent weeks about boys using .22 calibre rifles throughout the county, in such a way as to endanger the lives of innocent persons.

He is taking this means of appealing to the parents of these boys to put a stop to this dangerous practice themselves or else he will be forced to take steps to curb the use of these rifles by putting the boys and their parents under arrest. In this case the parents will have to stand responsible for their youngsters and pay the penalty.

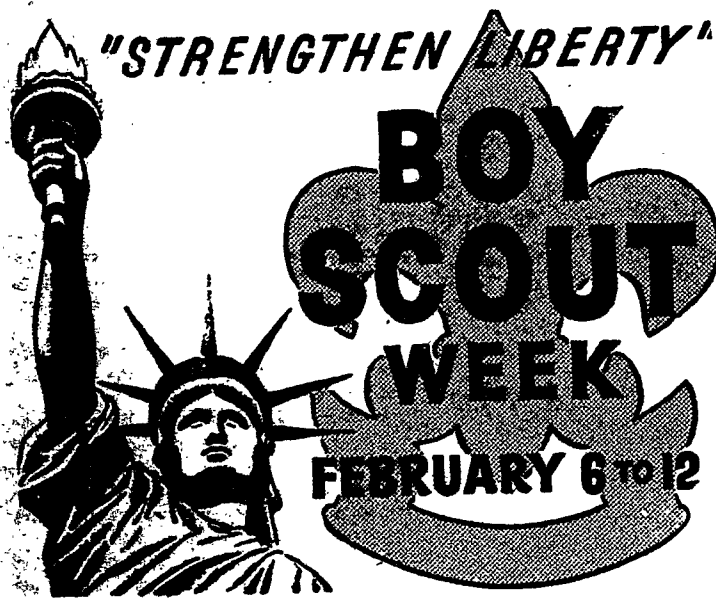

We fully agree with Mr. Bourgeois that this is a dangerous practice and should be stopped before someone is either killed or maimed for life by some irresponsible youngster who probably doesn't know how to handle a gun in the first place.

MAKING SPEED SAFER

Not many years ago, the efforts of those interested in safety on the highways were centered around regulations designed to control the speed of automobiles. Human lives would be saved, it was assumed, by compelling drivers of automobiles to go slow enough to insure safety at all times.

With the tendency everywhere to increase legal speed limits as manufacturers present cars designed for faster speeds, the effort to promote safety has necessarily interested itself in the construction of highways designed for higher speeds. Security for human beings is being attained through the process of making speed safer. Improved highways, including many devices designed to avoid accidents, have given us faster travel without a corresponding increase in fatalities.

When a citizen of this county takes to the open road, even for a short journey, it is necessary to pass other cars hundreds of times with only a few feet or a split second standing between safety and disaster. Consequently, motorists should understand thoroughly the stopping distances for various speeds and carefully take cognizance of conditions of traffic as they speed along our modern highways.

GOOD NEWS IN CASH LAMP YEAR

Washington—After a record year, the report said, for the nation as a whole, farmers' receipts from sales of crops and livestock last December were the best since 1949.

This could mean further gains by both states. Louisiana conceivably could pull ahead of 1949 on the final figures.

November totals show that Mississippi farmers realized \$93,799,000 from crop and livestock sales, compared with \$83,578,000 in November, 1949—a gain of nearly \$10,000,000.

Louisiana farmers sold \$62,853,000 of products in November, against \$51,744,000 a year ago—a gain of over \$11,000,000.

Both states, but particularly Mississippi were off to poor starts this year. For the first five or six months 1950 totals in both states ran far behind those of 1949.

In the case of Mississippi cash receipts earlier in the year were barely 50 per cent of those for corresponding dates in 1949.

For the first months of the year lower volumes of marketings and lower prices were responsible for the differences.

THINKS 3 1/2 MILLION MEN NOT ENOUGH

Washington, DC—Admiral Forrest P. Sherman testified that "unless international conditions improve" it probably will be necessary to increase the nation's fighting forces above present goal of close to 3,500,000 persons.

Sherman, top ranking Navy officer and a member of the joint chiefs of staff, gave this "personal opinion" to the Senate preparedness subcommittee.

At the same time he gave full support to the administration's new universal military service and training bill (UMST). It would lower the draft age from 19 to 18 year old and lengthen required service from 21 to 27 months.

Chairman Lyndon Johnson (D-Tex) of the Senate group drew out Admiral Sherman's opinion about the possible need for more manpower.

He asked whether existing goals of 3,325,000 persons in the next six months and 3,462,000 before the year ends were "too high or too low?"

"That's a broad military question as to whether the Army, Navy and Air Force is large enough," Sherman said. "It's my personal opinion that unless international conditions improve, we may have to set a new target as we approach these targets."

At the same time, Admiral Sherman said he believed present manpower goals were wise for partial mobilization and that the UMST plan advanced by Secretary of Defense Marshall and his assistant secretary, Mrs. Anna Rosenberg, is the "best proposal to reach that target."

He said the Navy regards 27 months of service as too short a time to convert a civilian into a good sailor.

Even so, Sherman said the Navy expects to take a number of the 27 month draftees provided for in the UMST program.

ADVICE ON PINE TREES IS GIVEN BY FORESTER

"Pine trees cannot be planted like sweet potatoes," Ralph Robertson, Assistant Forester, Agricultural Extension Service, said. With the tree planting season here, remember that the roots must be in a straight natural position in the soil if the seedling is to develop and extensive enough root system for normal growth. The slit or hole made in the ground for planting must be large enough for the roots to hang in the normal position before soil is pushed around them. Pack soil firmly around the roots, leaving no air pockets. Care of seedlings until they are planted is also important, Mr. Robertson pointed out.

SEARCH FOR SHRIMP GROUNDS NORTH OF KEY WEST BEGINS

The Fish and Wildlife Service has begun its sixth fisheries hunt in the Gulf of Mexico. The cruise will be made along the Florida Coast between Tampa and Key West. Norman H. Haugland, acting fishery engineer in charge of the fishing vessel, The Oregon, said the object of the hunt was to locate commercial quantities of grayed shrimp north of the Key West shrimp-ing grounds.

WINDHAM TO BE SHOWN STATEWIDE

A. S. Windham, Administrative Assistant, Mississippi Highway Patrol and Executive Director of the Mississippi Highway Patrol, will be shown in a new film, "The Highway Patrol," which is being shown in Mississippi, allowing the public to see the highway patrol in action. WAVELAND WANDERINGS

By Mrs. Margaret Hall

The Waveland Town Hall was the scene Saturday evening where the town's new Marshall, Fred Bourgeois, was presented with a lovely new badge, purchased with funds donated by his many friends in Waveland. Mayor Garfield Leche opened the gathering of friends who were present for the presentation, and then introduced Captain Joseph Cascard and Mr. Ed Gipeon, who were the principal speakers of the evening. Both speakers praised Mr. Bourgeois for the work he has already done in his new job. Following the short talks, Mr. Ed Gipeon presented Mrs. Fred Bourgeois with a lovely compact from the Waveland ladies. Many other friends who contributed toward the purchase of the badge were unable to be present but sent their best wishes to the new Marshall. Delicious refreshments were served to the guests who were: Mr. and Mrs. J. R. Quaid; Mr. and Mrs. Alvin Ledner; Mr. and Mrs. Fred Bourgeois; Mr. and Mrs. Pat Rutherford; Miss Beverly Bourgeois; Mr. and Mrs. Sidney Bourgeois; Mr. and Mrs. R. C. Bordages; Mrs. Ernest Bourgeois; Mr. and Mrs. William Bourgeois; Mrs. Ruth Mailleur; Mayor and Mrs. Garfield Leche; Mr. and Mrs. Ed Gipeon; Captain and Mrs. Joseph Cascard; Mr. and Mrs. H. J. Holdrith; Mr. and Mrs. W. A. Waldorf; Mr. and Mrs. A. W. Waldorf; Mr. and Mrs. Fred Herlihy; Kathleen Herlihy; Mr. John P. Rausch; Mr. Edward Leche; Mr. William Goldfinch; Mr. J. T. Connor; Mr. Tony Bourgeois; Mrs. T. H. Brockman; and Mr. Gerald Price, Sr.

The Bay-Waveland Demonstration Club met Friday of last week at the home of Mrs. Gerald Tucker in Waveland. The ladies were occupied most of the afternoon in making plastic pocketbooks. During the business session of the meeting, the group agreed to dispense with elaborate refreshments at all future meetings and to consider their meetings important from the standpoint of craftsmanship, rather than from entertainment.

The next meeting of this group will be held at the new REA building on Highway 90 and Mrs. Gibbs will be the hostess. The date has been set as February 23, 1951. Mrs. Johann Craft, of Waveland, is president of this group. Mrs. E. E. Yates is vice-president and Mrs. T. P. Clapp is secretary and treasurer. All ladies who are interested in the work that this club is doing are requested to get in touch with Mrs. Craft at 595-M or call the office of the Home Demonstration agent, Miss Madge Aldred, 125.

Members of the club who met at the home of Mrs. Tucker were Mesdames Philip Herlihy, Roger Bordages, Raymond Nelson, Warren Brink, T. P. Clapp, Karl Craft, E. E. Yates, Hurst, Koeniger, and Gibbs. Miss Madge Aldred, Home Demonstration Agent, was also present.

The American Legion held a bingo party last Friday night for the benefit of the Legion. Parties will be held every Friday night from now on at Trapani's in Bay St. Louis. These parties are held for the purpose of raising money for the Legion and the support of the public is requested.

The National President of the Ladies Auxiliary will be in Jackson, Mississippi, Monday and Tuesday. Mrs. Sidney Bourgeois, president of the local chapter has announced that the report on membership has to be sent in. All ladies in the Auxiliary are requested to get busy and get some new members.

Pretty, little Linda Schwander, granddaughter of Mr. and Mrs. Walter Turcotte, is on the sick list again. Linda is battling it out with a bout of chicken pox.

Young Walter Turcotte, student at Perkinson Junior College was home for the week and with his parents, Mr. and Mrs. Walter Turcotte, on Bordages Lane.

Miss Shirley Turcotte had as her week end guest, Miss Sylvia Duzac, of New Orleans.

Mr. and Mrs. Ed Carrio were guests of Mr. and Mrs. R. C. Bordages during the week end.

Mr. and Mrs. Chris Ledner spent the week end in their home on Market Street.

Mr. and Mrs. Roy Pickren and family were in their home on Sears Avenue during the week end.

Mr. and Mrs. McOrland spent the week end in their home on Wood St.

Mr. and Mrs. Emile Martin are spending a week in their home on View Street.

Mr. and Mrs. Frank Whatmough, have been guests of Mrs. R. R. Linfield on Beech Boulevard.

MEMORIAL SERVICE FOR CARL MARSHALL

A resolution memorializing the late Carl Marshall, prominent Gulfport attorney, was adopted unanimously this week at a meeting of the Harrison County Bar Association. The meeting was held at the courthouse in Gulfport immediately prior to the convening of the January chancery court term.

The memorial was presented by a special bar association committee comprised of J. D. Stennis, Jr., chairman, Gaston H. Hawes, Bidwell Adams, D. M. Graham and J. C. Ross. Mr. Chancellor D. M. Russell, Circuit Judge Lawrence C. Corbin and several members of the bar also spoke of their association and work with the attorney. Mr. Marshall died last June 25.

English Lindsey, Gulfport attorney, bar association president, presided at the meeting.

Everybody is for national defense if somebody else will pay the taxes that are necessary.

Mr. and Mrs. A. Holmes spent the week end in their Wood Street home.

FORGET ABOUT BOY WHO WAS CAUGHT IN KOREA

A former Gulfportian who left his home at the age of 14 to live in the United States after a harrowing experience in Korea during which he was captured twice from enemy troops. He is Pvt. Gordon R. Roney, Laurel, nephew of Mrs. E. C. Niolet, and grandson of Mrs. Martha Betsy, both of Route 1, Pass Christian.

Pvt. Roney was lined up twice for execution during the 95 days he was held prisoner by the North Koreans. He recently celebrated his twentieth birthday at Army Hospital and related his experiences to fellow patients.

Even after two fellow soldiers had already been shot, Roney reported, he was untied by the North Koreans, he and several buddies were marched to Seoul barefoot. The second escape was personally conducted by himself as he and a friend heard that US troops were within five miles of his location. The two jumped from the train willing to be shot rather than be carted off for a death sentence.

They walked into the arms of South Korean troops, who bathed, re-clothed and fed them spiced chicken. Roney is now under treatment for concussion from a mortar blast which he suffered along with the shrapnel wounds shortly before his capture.

MISS. WELFARE FUNDS TOTALED

Washington, D.C.—Mississippi received \$10,270,440 in federal funds for old age assistance during the 1950 fiscal year, records of the federal security administration showed recently. The federal funds are matched by state funds.

Aid to dependent children funds during the same year amounted to \$2,329,701, aid to the blind \$554,281, services for crippled children \$231,303, and child welfare services \$102,852.

Federal grants to the state and local units in Mississippi involving the state health department's series of programs, plus hospital construction, survey and planning, included these amounts: Venereal disease control \$701,623; tuberculosis control \$188,552; general health assistance \$395,453; mental health activities \$78,329; heart disease control \$59,223; cancer control \$76,413; hospital construction, survey and planning \$1,924,411; national heart institute \$4435; maternal and child health \$315,007.

You are not your neighbor's keeper but you can put in some time trying to be your own keeper.

With the First Marine Division in Korea—Stories out of Korea concerning the high price of air mailed packages are rapidly becoming faded. Take the case of Staff Sergeant John Cobb, for instance. Cobb's mother, Mrs. J. H. Cobb, of Greenwood, South Carolina, bundled up half a cupboardful of

SELECTIVE SERVICE ANNOUNCES PLANS FOR COLLEGE STUDENTS

Chief Director of Selective Service, Kenneth, Colonel John W. Patton, Jr., announces that information has been received to the effect that the college student who had been ordered for induction physical and for induction, and postponed until the end of the academic year, would be allowed to defer the service of their choice to the extent of available openings in the selective services, during the last month of their academic year.

This policy is designed to implement the intent of Congress to encourage students to continue college to the end of their academic year and, at the same time, preserve their right to indicate the service in which they wish to serve. The release announcing the authority to make such cases and thus reinstate the right to enlist at that time emphasizes that no change in the obligation of students to serve was contemplated. It further pointed out that measures for accomplishing reopening of classifications would be announced.

JET ENGINE GROWTH DUE FOR FUTURE

Washington—The nation has barely seen the start of expansion in jet engine production.

One of the several reasons for the huge boost is the buildup of Air Force and Navy aviation with gas turbine (jet and turbo-prop) powered planes.

Another is the use of jet engines for some types of winged missiles or pilotless aircraft. A third is the need of foreign countries for American jets.

The automobile industry will figure perhaps more heavily in the aircraft engine business than in World War II.

FARMS ADJUSTED FOR TAX INCREASE

Washington—The boost in income taxes for the final quarter of 1950 won't result in any complicated figuring on your tax return.

The formula for computing your tax on form 1040 has been adjusted to take it into account. So has the tax table for those who use the "short form" 1040. You won't have to calculate on so-and-so-much income at one rate and on so-and-so-much at another rate.
